

## **SUCCESS THROUGH KENSEIKAN KARATE**

All the economists are not successful because success relies heavily on TRAINING AND EXPERIENCE. By knowing and experiencing you will know the true meaning.

Confidence comes from the FAITH. Confidence leads the mind into doubtless and clear condition.

Diligence is a consequence of confidence. Once you are doubtless, you would diligently keep faith and practice.

PERFECTION is a top quality. For a example, as I always say, A person who wins first place in any competition; a person who offers others and devotes himself in helping other without expecting any rewards; are PERFECT PEOPLE. The fastest vehicle of all is a perfect vehicle. However, perfection must be under consideration of anyone who can accept such conditions.

DEVELOPING YOUR BODY, MIND AND SOUL IS A WAY TO PERFECTION.

I did not get a chance to write as much I wanted to. At the same time I expect that all of you keep this kind of information I pass on to you through emails and printouts. I take the time to write, it is your responsibility to understand, read and keep them for your future reference. Your file would be required for inspection any given grading-definitely at the BLACK BELT grading. If you have thrown these things, please find a way to update your file with all the documents information we have handed over and shared with you by any means.
